Sprint Goal

The goal for this sprint is to iron out remaining bugs, and make the overall experience seamless. This is in service of trying to make a functional product.

- Fix Current issues (see below)
- Test tf out of our website. BREAK IT

Team Capacities

- Kelly Vu
  - Base Hour: 15 🍅
  - Essay
- Eli
  - Base : 15
  - Perhaps more
- Jack
  - Base: 20
- Will
  - Base: 15 hours
- Ryan
  - Base Hours: 15
  - Easter (more time?)

Planned User Stories

Pages:

Website theming will stay Green.

Leaderpage:

- Display username
- Streak, points, questions answered (<- this is not pulling from DB iirc)

Homepage:

- Top green bar: Lesson title
  - Back button: Shows all progress for lessons

- ~~Circle: will become questions from lessons~~
- ~~Remove all questions at bottom section~~
- Make center dark white, right bar lighter white, profile cards pure white

Sidebar:

- Fix the containers to auto fix themselves when showing/hiding sidebar (use Code Lab as template)

CSS: FINISH any css stuff.
- Homepage: daily goals

Current Issues:

- Create account page: the eye icon won't show again unless you clear the input field and retype (Ryan)
- Dark mode: question buttons on homepage not correct color (FIX THIS - KELLY)
- C logo with bite out of it (RYAN)
- homepage interactive (Ryan)
    - Completed: # of questions (Ryan)
    - questline reduced & reactive (Ryan)
        - Shorten the viewport (Ryan)
    - daily goals - low priority
    - remove lesson (Ryan)
- Fix question button dark mode CSS (KELLY)
- Don't display question answers on question list (Ryan)
- Leaderboard: not fetching user's place (Jack)
- Add coding button type to topics (JACK)
- Code blockers not submitting (Jack)
- Sidebar not consistent - tons of stuff will break 😥😂 (KELLY)
- Admin page CSS a MESS on light mode - low priority (KELLY)
